Burning Up

I'm burnin' up, i'm burnin' up, i'm burnin' up for your love

I'm burnin' up, i'm burnin' up, i'm burnin' up for your love

You let me down, turned me 'round, you messed around with my heart

What kind of woman with a smile on her face

Can tear your whole world apart, hey

I'm on fire, i feel it burnin' up, i'm on fire

I'm burnin' up, burnin' up, i'm burnin' up every night

I'm burnin' up, burnin' up, and burnin' up can feel so right

I see the smoke, i feel the heat, my life is going up in flames

How could you be so indiscrete, and still be so unashamed, hey

I'm on fire, i feel it burnin' up, i'm on fire

Hey you said you'd never leave me, you said we'd never be apart

You turned out to be a liar, and left me with a broken heart

Why did you do it babe, yeah

(solo)

I'm on fire, i'm burnin' inside, i'm on fire, why did you do it baby

Ooh i'm burnin' up, i'm burnin' up, i'm burnin' up for your love

Ooh i'm burnin' up, see i'm burnin' up, i'm burnin' up for your love

Watch me burn, see me burnin', 'cause my heart's on fire

Watch me burn, see me burnin' up for your love

Watch me burn, see me burnin' up for your love

Watch me burn...
