

# Bad Company, Here Comes Trouble

Bad Company

Here Comes Trouble

Here Comes Trouble

We only get one chance to get even, so don't tell me who's wrong or right

You know there's just one thing that I believe in

I won't give in without a fight, hey

I'm hot, ready or not, you know I'm coming

I can't wait to wipe that straight, there ain't no point in running

Chorus:

Here comes trouble - walking down your street

Here comes trouble - and I'll get ready, soon we're gonna meet boy

Here comes trouble - I'll come knocking down that door

You'll soon see what I've been waiting for

Here comes trouble!

You better watch your step, I mean it, you're just running out of time

You got a nasty streak, and I've seen it, but it ain't nothing next to mine

Too bad, you made me mad, and now you know it

You'll see, you know me, I can't wait to show it

Here comes trouble - walking down your street

Here comes trouble - I'm gonna get ready, soon we're gonna meet boy

Here comes trouble - and I'll come running through that door

You'll soon see what I've been waiting for, trouble

(Solo)

You only get one chance, you'd better believe it

When I tell you who's wrong or right

Too bad, that I'm mad, but now you know it

You'll see, you know me, and I've got ways to show it - trouble

chorus repeats out...
