

# Bad Company, Hold On To My Heart

Bad Company

Here Comes Trouble

Hold On To My Heart

Whenever you need me, I would be there

Lookin' over your shoulder, you know that I care

But still you walked away

And I could never seem to find the words, the words to make you stay, so baby

Chorus:

Hold on to my, hold on to my heart - when it feels like it's fading

Hold on to my, hold on to my heart - you know I'll be waiting

All this crazyness, it keeps us apart

So hold on to my heart

Whatever you told me, I would believe

And over and over, I had my heart on my sleeve

And I gotta let you know

That no matter where you are tonight, I could never let you go, so baby

chorus

Never a day goes by without your memory

Oh yeah, I can still picture us, baby, you and me

(Solo)

chorus repeats out...
