

Bad Company, Knapsack

Oh darling be mine tonight
Wont you be my baby and treat me right
Oh darling you know you're my only love
Baby baby like the sun above
She got a heart of gold and something i call soul
She got everything i need ain't no flies on me
Oh baby won't you love me tonight
Oh baby i'm gonna treat you right
Take my hand and hold me tight
Take you in my arms and love you tonight
She got a heart of gold and something i call soul
She got everything i need ain't no flies on me
Baby when you wrote that letter
It went right to my heart
When i opened the envelope
I kew we were going to part
Oh-u-oh-u baby baby don't you treat me like a fool
Because baby baby i once went to school
Oh you know that i love you and i always will
Oh baby you sent me your bill
