

# Bad Company, Lonely For Your Love

Whenever the day since been lonely  
Can't turn this feeling away  
I looked around, you was gone  
But I love you  
I'm up all night again outta my head  
Slippin' and slidin' on a downhill ride  
And I'm going down slow  
What do you know? I love you  
All alone, layin' in my bed  
I can't seem to get you outta my head  
Don't look back, there's nothin' I can do  
But I love you  
Well, I'm lonely for your love  
I'm lonely for your love  
I'm lonely for your love at night, alright  
I'm all alone, layin' in my bed  
I can't seem to get you outta my head  
Don't look back there's nothin' I can do  
But I love you, I love you  
Well, I'm lonely for your love  
I'm lonely for your love, I'm lonely for your love  
I'm lonely for your love, I'm lonely for your love  
I'm lonely for your love, I'm lonely for your love at night  
I'm lonely, you know I'm lonely  
Yeah, yeah, yeah, yeah, yeah, yeah  
I'm so lonely, lonely for your love  
You know that I'm lonely
