

Bad English, Rockin' Horse

Desert highway to a memory I said that I'd come back for you
By the jukebox at the starlight grill kickin' out an Elvis tune
Are you waitin' little sister? Killin' time and dreamin' too
You need a fraction of long distance love I'm drivin' all night
For you, yeah

I'm gonna be there in a big way you can leave the radio on
Like an outlaw like Jesse James another hundred miles is gone
Sunrise to sundown I'm gonna turn you around yeah

Baby, I've been so lonely what am I s'posed to do?
Out in the sun with passion out of my head for you
Baby my heart's a mustang just let it run its course
Take it up by the river I'm gonna give you more

Ride the rockin' horse, hey

Ride the rockin' horse, yeah

Got the top down wishin' on a star underneath the Spanish moon

Golden earring on the radio radar love is coming through

She's a station on the interstate

I'm comin' with a message of love

In the saddle you can ride all night rock around my glove

Yeah

Sunrise to sundown I'm gonna turn you around

Baby I've been so lonely what's a man s'posed to do

Out in the sun with passion out of my head for you

Proof papa's got the fever just let it run its course

Take it up by the river I'm gonna give you more

Ride the rockin' horse, hey

Ride the rockin' horse

Baby, I've been so, baby, I've been so, baby

I've been so lonely, lonely, lonely, lonely

So lonely so lonely so lonely

(Ride the rockin' horse)

Lo lo lo lonely, lonely yeah

Baby I've been so, out of my head for you, wah

(Ride the rockin' horse)

Baby I've been so lonely, I am I am

Baby, baby, baby

(Ride the rockin' horse)

Babe I've been so lonely what am I gonna do

Thank you New York

(Ride the rockin' horse)

(Ride the rockin' horse)

(Ride the rockin' horse)

...
