I took the guy, he lookd like a pup, the choice was mine, and i blew him up, all his fat, all his chunks, youll be sorry you little punks.

Im good at soccer when he came he climbed in my dumpster
and gave me a name, he said your name is Joe Torry then i hit him with a bat
and big fish i stole his sattelite dish
and then i went over and made a wish, i wished that i met busta rhymes and the
world is screwed My moms a dude and
Joe Torry is dancing nude

He couldnt wait till he went home, to eat trash in his room alone

He never thought hed meet a gnome, another six months hell
be alone. Give my dumpster to busta rhymes, youll set foot in the thing again,
you close it off, board it up, remember
the time that i spilled the cup of whisky juice, on the wall please tell them
not to clean it off
