

Bad Religion, ...You Give Up

Bad Religion
Into The Unknown
...You Give Up

so...

you've given it all you can
and your life is in the garbage can
and you say you're tired and dry
cuz your mind won't let you cry
so you hang up what is left inside
and you want to kiss it all goodbye

you're lost in space, you're swirling ever higher
you're lost on your own, you're too far from home
you're no one's friend, you gave it your best try yeah!
you're stuck in the drone, of being alone.

you turn to light, but all you get is darkness
your head turns to stone, your numbness has grown
you're stuck inside your little world of rejects
the good world unknown, you're stuck in the drone.
