

# Bad Suns, Cardiac Arrest

I've been tryin' to keep my grip, yeah I think I'm over this  
I can hear it now, oh no, oh no-o  
Yeah my tongue will let it slip, why'd I do those things I did  
I can taste it now, oh no, oh no-o

I'll try my best, how much do I invest?  
Like cardiac arrest, high voltage in her lips  
I'll try my best, how much do I invest?  
Like cardiac arrest, high voltage when we kiss.

My innards turn, your eyes, they roll. I'll be there to take the fall  
I can feel it now, oh no, oh no-o  
Same old story since day one, but I've got no place to run  
I can see it now, oh no, oh no-o

I'll try my best, how much do I invest?  
Like cardiac arrest, high voltage in her lips  
I'll try my best, how much do I invest?  
Like cardiac arrest, high voltage when we kiss

(Oh, woah)  
High voltage in her lips, they catch me when I slip  
(Oh, woah)  
High voltage in her lips, they catch me when I slip

I'll try my best, how much do I invest?  
Like cardiac arrest, high voltage in her lips  
I'll try my best, how much do I invest?  
Like cardiac arrest, high voltage when we kiss

(Oh, woah)  
(Like cardiac arrest, high voltage in her lips) (Oh, woah)  
(Like cardiac arrest, high voltage when we kiss)  
I'll try my best, how much do I invest?  
Like cardiac arrest, high voltage in her lips, I'll try my best...
