

Badfinger, Should I Smoke

Should I smoke or should I die?
Somebody must tell me why
Should I laugh, should I cry
Won't somebody help me?

Don't know what to say
You're makin' me better
I've learned how to pray
Change in the weather today
Don't know what to do
Just makes it hard to lose

The day passes by
Nobody listens
And nobody cries
For anyone's mission today
Don't know what to do
Just makes it hard to choose

Should I smoke or should I die?
Somebody must tell me why
Should I laugh, should I cry
Won't somebody help me?
