

# Baha Men, Normal

Normal

(Tell me what you think is)

Normal

(Is there more than one way to be)

Normal

(If I do what you say am I)

Normal

Well, I'm just a normal guy in a normal world

I live a normal life, I got a normal girl

I drive to normal places in my normal car

I even wish upon the normal stars

But people say it isn't normal if I want to pierce my nose

Or if I let a blind man design my clothes

Or if I pick the petals leave the thorns upon my rose

Or if I just want to paint my toes

People say it's not

Normal

(Tell me what you think is)

Normal

(Is there more than one way to be)

Normal

(I really think I'm okay and that's)

Normal

My momma say's it isn't normal if I wanna sleep all day

If I don't get a normal job, I'll throw my life away

She says I should go to school to get my B.A.

But me, I want to be a DJ

My friends say it isn't normal if I don't want to touch that stuff

But I don't need to follow no one, I'm already cool enough

You say I gotta be name brand, but I'm gonna call your bluff

And if you don't like it that's tough

People say it's not

Normal

(Tell me what you think is)

Normal

(Is there more than one way to be)

Normal

(I really think I'm okay and that's)

Normal

Once upon a time there was a man who had a wife

a couple kids, a cat, a dog

He thought he had a perfect life

That's not for me because I wanna be

I wanna be a painter and I want to be an actor

And a sculptor or a clown, maybe I wanna drive a tractor

Why can't you see, that's normal to me

To me, that's normal

Normal

Normal

Normal

Normal

So what, if I don't like the food you eat

So what, if you don't like to dance to my beat

So what, if you're expensive and you think I'm cheap

So what, does that make me incomplete?

So what, if I don't want to come my hair

So what, judging me, that's really unfair

So what, I only listen to the man up there

And I bet you he thinks I'm normal

I am my own man, so I do what I will

Every individual has their own skill

We all set goals that we want to fulfill

Whether a butcher, a baker, a computer maker

It's your life so do what you wanna do

You got one life to live, you don't have two  
To yourself, to yourself, you gotta be true  
And that's gonna make you normal  
Don't wanna be
