

Bainbridge Merril, Garden In My Room (Reprise)

Bainbridge Merril
The Garden
Garden In My Room (Reprise)
There's a garden in my room
Would you like to take a look
There are fascinating things
You'll find there

If you dare to come inside
There is nothing I will hide
Come where there is sweet perfume
In the garden in my room

There's a garden in my room
Would you like to take a look
Rest your body on my velvet roses

Once you've tasted my delights
Many days will turn to nights
There is nothing you won't do
For the garden in my room
