

# Balance Of Power, Do You Dream Of Angels

Now your sleeping now your still  
Softly tell you how I feel  
And if you dream a thousand years  
I still be here, forever here...

Hold me in your sleepy eyes  
Hold me closer, whisper me goodnight  
Let the moon light have it's way through the silence  
I can hear you say

[chorus]  
Do you dream of angels  
Well I do when I'm dreaming of you  
Do you dream of angels  
I do when I'm dreaming of you  
I dream of angels when I see you

Fill me with your symphony  
Overtures of love in harmony  
In your silent journeying  
Take me with you...Can I hear you say

Now your sleeping now your still  
Softly tell you how I feel

[chorus]
