

# Bald Vulture, Butt Face Cops

People tell me I'm lazy  
I'll admit it, I'm crazy  
But there's one thing I'm sure about me  
Is that I don't wanna be  
One of these damn suckers  
Who live for one cause  
Screwing your life up

- CHORUS -

Butface cops  
You better run fast, if you wanna catch me  
You've gotta wake up early

Eating a donut, drinking a coffee  
While somebody's out there's killing somebody  
It's better when it's easy so they  
Track us down, don't skate on the street
