

Balligomingo, Heat

Don't move
Scare me on
Take too much
But don't take too long

Now you're moving in
Like acid on my skin
I like being burned
Your heat is what I yearn

Your salt
Corrodes my vault
Get too close
The spill won't kill the host

Now you're moving in
Like acid on my skin
I like being burned
Your heat is what I yearn

Now you're moving in
Like acid on my skin
I like being burned
Your heat is what I yearn
