

# Bananarama, One In A Million

Passing strangers  
In the heat of the night  
Hearts beat faster  
Could this be love at first sight

I just took one look at you  
And I can't believe it's true  
There's something in my heart  
Said I must have you

Heaven must have sent you  
You know, you know  
You must be one in a million  
I love everything about you  
You know, you know  
You must be one in a million

Sweet sensation  
When I look in your eyes  
Such temptation  
And I can't disguise

The way that you make me feel  
And I know this love's for real  
I want you day and night  
Until the end of time

Heaven must have sent you  
You know, you know  
You must be one in a million  
I love everything about you  
You know, you know  
You must be one in a million

Heaven must have sent you  
You know, you know  
You must be one in a million  
Show me what you can  
I love everything about you  
You know, you know  
You must be one in a million  
Tell me you'll be there

Heaven  
Heaven  
Heaven  
Heaven

I just took one look at you  
And I can't believe it's true  
There's something in my heart  
Said I must have you

Heaven must have sent you  
You know, you know  
You must be one in a million  
I love everything about you  
You know, you know  
You must be one in a million

Heaven must have sent you  
You know, you know  
You must be one in a million  
Show me what you can

I love everything about you  
You know, you know  
You must be one in a million  
Tell me you'll be there
