

# Bananarama, Promised Land

Lock me up in a room somewhere  
Get me out of the open air  
No perception of space or time  
And no peace of mind

Shut me out of the wind and rain  
Shelter me from the hurt and pain  
No temptation to lead me on  
Now that you're gone

Won't you come to the rescue  
Take me to the promised land  
You've got the power to show me  
Love is at hand  
With you right here beside me  
Dancing barefoot in the sand  
Close your eyes and take me  
To the promised land

Bolt the windows and close the door  
Now there's nothing worth living for  
New direction is hard to find  
So leave me behind

Dim the lights and hang up the phone  
All I want is to be alone  
No connection with anyone  
I just can't go on

Won't you come to the rescue  
Take me to the promised land  
You've got the power to show me  
Love is at hand  
With you right here beside me  
Dancing barefoot in the sand  
Close your eyes and take me  
To the promised land

Take me to the promised land  
Take me to the promised land  
(Take me)  
To the promised land  
To the promised land  
Take me

Won't you come to the rescue  
Take me to the promised land  
You've got the power to show me  
Love is at hand  
With you right here beside me  
Dancing barefoot in the sand  
Close your eyes and take me  
To the promised land

Won't you come  
To the promised land  
Won't you come  
(To the rescue)  
To the promised land  
(Come to the rescue)
