

# Bananarama, Wake Up On Love Me

Talking over  
I need you tonight  
Don't turn your back on me  
Just because we had a fight

(bridge 1)  
Oh how can I make you see  
How much you're hurting me  
Instead of breaking up  
We should be making love

(chorus)  
I need your love and affection  
Time and attention  
Wake up and love me  
(x 2)

I say I'm sorry  
If you understand  
That all I really needed  
Was the touch of your hand

(bridge 1)  
How can you be cruel to me  
When I need your arms around me  
Instead of breaking up  
We should be making love

(chorus)

I need your love  
I need your love  
Wake up and love me  
Show me that you care  
I need your love  
I need your love  
Wake up and love me  
Tell me you'll be there

I need your love (x 4)

(bridge 1)

(chorus ad lib)
