

Bang Gang, Never Ever

Never ever will I wish you bad
Never ever will I crack your head
Never ever do you harm
Never ever eat your heart

I'm in a haze the world is floating
I take a drug the world is floating

Never ever clear my brain
Never ever stop my use
Never ever will I eat your shit
Never ever will I f**k me up bad

I'm in a haze the world is floating
I take a drug the world is floating

Never ever clear my brain
Never ever stop my use
Never ever will I eat your shit
Never ever will I f**k me up bad

I'm in a haze the world is floating
I take a drug the world is floating
