You Know, I Know

Love is here, love is there anytime and anywhere
The game of love we know, the game of love we know
Got to get it, got to get it. Touch the love and hold it
You know and I know. It's the game of love
Searching through the night. Love will make it right
Searching through the dark looking for the light
It's the game that we play every night and day
You know and I know, you know and I know

You know, I know, you and I know

The game of love

(It's love, it's love)

You know, I know, you and I know

The game of love

(You know, I know).

You've got to share the game

We know what to do, we know what to do

The game of love is what we need

We've got to see it through

We know what to do, we know what to do

The game of love is what we need

We've got to see it through

The game of love is easy, sure

You know and I know, we need more

Open up the door, open up the door

You know and I know, you know and I know
