

Bangles, Get The Girl

(S. Hoffs/V. Peterson/D. Peterson)

Bangles

When I saw you
Every single part of me said
Yeah, yeah, yeah
My eyes wanted
My lips wanted to, you know
Lose control

No matter matter what
You're gonna gonna get the girl
I really wanna
Gotta gotta get the girl

I can tell you
Got the kind of magic to share
Show me love (love love love)

Wherever you go
There you are
There you are (there you are)
A superstar

No matter matter what
You're gonna gonna get the girl
(Wanna be your girl, wanna be your girl)
No matter matter what
You're gonna gonna get the girl
(Wanna be your girl, wanna be your girl)

I really wanna
Gonna gonna get the girl
I really wanna
You're gonna gonna get the girl
I really wanna
You're gonna gonna get the girl

No matter matter what
You're gonna gonna get the girl
(Wanna be your girl, wanna be your girl)
I really wanna
You've gotta gotta get the girl
(Gotta be your girl, wanna be your girl)

A superstar
Is what you are
(Wanna be your girl, wanna be your girl)
