

Bangles, The, Not Like You

Bangles, The
Different Light
Not Like You
(d. peterson/s. hoffs/d. kahne)
Debbi

Busted down and broken
All in two
But you never thought
This could happen to you

Wake up, stumble
Trip and fall
You had so much
And now you've lost it all

How could you do it
It's not like you
To be the one to lose
Why did you do it
It's not like you
But i'll be around for you

Such a sad and sorry
Twist of fate
You tried to change
But it's too late

If you ever find out
What to do
Well, then it'll all
Come back to you
