

# BANKS, This Is What It Feels Like

I hang on everything that you say  
You knowing i see all the things then cry  
You secretly are in love  
And finally when I let myself fall hard for you  
I see you trying to pretend  
Like I?m making it up  
This is what it feels like  
This is what it feels like

Bring it down, bring it on  
Bring it now, bring it up  
This is what it feels like now  
It?s gettin' old  
Bring it down, bring it on

Remember the first time that we met  
You said that you couldn?t sleep cause of me  
told me I caught you off guard  
And then when you saw I felt the same  
You pulled away  
Started acting like bein' with me was too hard  
This is what it feels like  
This is what it feels like  
This is what it feels like

Bring it down, bring it on  
Bring it now, bring it up  
This is what it feels like now  
It's gettin' old  
Bring it down, bring it on

Bring it down, bring it on  
Bring it now, bring it up  
This is what it feels like now  
It's gettin' old  
Bring it down, bring it on

Bring it down, bring it on  
Bring it now, bring it up  
This is what it feels like now  
It's gettin' old  
Bring it down, bring it on
