Barbara Mandrell, Only a Lonely Heart Knows

Life holds no fascination Without you here with me Each hour's eternity And friends are small consolation Talk doesn't ease the pain The hurt can't be explained Only a lonely heart knows How the memory cuts like a knife Since you walked out of my life I'm half crazy day and night And only a lonely heart knows How the heartache, it grows and grows Oh, how long does it take till the heartache goes? Only a lonely, only a lonely heart knows Time is a friend and an enemy In time the hurt might end Till then the walls close in I'm so lost, I'm numbed by your leaving me I sit alone and stare You don't know till you've been there And only a lonely heart knows How the memory cuts like a knife Since you walked out of my life I'm half crazy day and night And only a lonely heart knows How the heartache, it grows and grows Oh, how long does it take till the heartache goes? Only a lonely, only a lonely heart knows Tell me how long does it take till the heartache goes? Only a lonely, only a lonely Yes, only a lonely, only a lonely heart knows
