

Barbershop 2 - Back In Business, I Can't Wait

This is dedicated to the lover, to the lover
In you, in you, in you
I can't wait, I can't wait
I can't wait, no can't wait
Leather in the summer, silk in the winter
This is such an art, where do I begin uh
Used to sing tenor, in the church choir
Really I was flexin', but the girls they were fine
I'm the type of guy that notice subtle signs
When I cuddle mine, she ain't even tryin'
To look sexy, but even if she was so what
Mother fucker grow up, don't mean to be so abrupt
But that let's me, know that she's a human being
And being human's hard, on the boulevard
Girl you got it bad, glad I'm not one
But yet you got it good, you are the hot one
But I'm Andre, Benjamin Andre to be exact
You hoped to meet a gentleman one day, well this is that
In fact, Dookie introduces at a show
About a year or so ago, I don't know, mind slips me
I'm in the southern states, you know where all the pimps be
Dressin' all boogie and carryin' ugly cups
And yes you're getting booded if your shit do not get down
And yes you're getting sued by women who didn't get up
Out their seat on the bus, and feet shouldn't rust
And beat is a must, and we shouldn't lust
But we do, I'm laughin' at the calendars and clocks
Ask Scott to match the socks, what's in your
Speakerbox, Pink and Blue
You're lolly gaggin', you're slow pokin'
You got me open, you're playin' wit me, darlin' I'm not a toy
As if I need a baker bring's the joy, you're a kiner
The Tyner meanin' the real McCoy, I can't wait
I can't wait, I can't wait
I can't wait, no can't wait
Ooh baby, come on, got plans tonight
(Plans tonight, plans tonight, plans tonight, plans tonight)
Anticipated, the love and I'm gone get it till the mornin' light
(Mornin' light, mornin' light, mornin' light, mornin' light)
Come on baby
I can't wait, the way you love me
I can't wait, the way you touch me
I can't wait, I can feel it
I can't wait, all over me
I can't wait, come on baby
I can't wait, please come home
I can't wait, tonight
I can't wait, ooh
For your time, you're so fine
You're always on my mind
'Cuz baby I can't wait, I can't wait
I can't wait, no can't wait
I'm so glad I found you
I just wanna be around you
I can't wait, I can't wait
I can't wait, no can't wait
Ooh, it's been too long now baby, let's seize the night
(Seize the night, seize the night, seize the night, seize the night)
'Cuz I'm gonna take you on a journey, enjoy the ride
(Enjoy the ride, enjoy the ride, enjoy the ride, enjoy the ride)
Enjoy the ride
Up and down, ooh baby
Up and down, ooh lady
Round and round, take it

Round and round, ooh
For your time, you're so fine
You're always on my mind
'Cuz baby I can't wait, I can't wait
I can't wait, no can't wait
I'm so glad I found you
I just wanna be around you
I can't wait, can't wait
I can't wait, no can't wait
This is dedicated to the lover, to the lover
In you, in you, in you
This is dedicated to the lover, to the lover
In you, in you, in you
So luscious, she's the real deal, but even he gets ancy
Some honeys try to 'Kill Bill' beneath the underpants see
But patients is the virtual to being anxious, just might hurt you
Like Mike Vick returning to the line of scrimmage too soon
A line of nigga's tryin' get in vengeance on a full moon
Should I play it cool, or be the one to make the first move?
Anticipatin', and contemplatin', she got you sprong dude
Shit, I'm fin to get her might emit her, what you gone do? What?
I tell you what, we won't be fallin' for that one, two
Just kinky sex up off in the, boom, boom, if she want to
And if she don't, then I'll dial another date
That means find another face to replace, 'cuz I can't wait
This is dedicated to the lover
(I can't wait, I can't wait)
In you, in you, in you
(I can't wait, no can't wait)
This is dedicated to the lover
(I can't wait, I can't wait)
In you, in you, in you
(I can't wait, no can't wait)
