

# Barbershop 2 - Back In Business, Not Today

Why won't you grow up and be a man someday  
I can't believe that you're still playing silly games  
Now, why do I put up with all this child's play  
Now, if your word is all you have then you ain't worth a damn thing  
Promises you told me every day  
That you made you never ever kept  
By me I really want to believe  
But not today, not today, not today, not today  
You're the worst, I can't even depend on you  
You say a lot of good things but something else you always do  
Be a man of your word, try to love something other than you  
But now you can be on your way 'cause I don't want you to stay  
Promises 'bout our house, 'bout the kids  
Lifestyle we would live, who the fuck, you really is  
In my face, all the time, spittin' line after line  
Broke down my wall and you got in my mind  
You's a fake shoulda known, all the signs I was wrong  
Believed what I saw and your cover was blown  
Breakup, leave, wake up, please  
You's a magician all them tricks up your sleeve  
Had me for a minute, I was in it  
You played good but I'ma get you  
I'ma make moves and I'ma leave you where you at  
Dog, chill, go back to square one, wait for something real  
Selfish nigga, could have helped you nigga  
Usually know betta but I felt you nigga  
I guess getting in my head was a part of the plan  
'Cause in reality the only thing you giving me is  
Promises you told me every day  
That you made you never ever kept  
By me I really want to believe  
But not today, not today, not today, not today  
Don't let him waste your time, girl  
He's only telling lies girl and when he apologizes  
(And he will)  
Don't be believing that man 'cause he gon' do it again  
Promises you told me every day  
That you made you never ever kept  
By me I really want to believe  
But not today, not today, not today, not today
