

Barbra Streisand, A Great Day

Fanny & chorus

When you're down and out

Lift up your head and shout

There's gonna be a great day

Angels in the sky

Promise that be by and by

There's gonna be a great day

Gabriel will warn you

Some early morn

You will hear his horn

It's not far away

Lift up your head and say

There's gonna be a great day

Great day

When you're down and out

Lift up your head and shout

There's gonna be a great day

Angels in the sky

Promise that by and by

We're gonna see a great day

Gabriel will warn you

Some early morn'

You will hear his horn, his horn

It's not far away

Lift up your head and say

There's gonna be a great day
