

Barbra Streisand, All I Know Of Love

Once I found a perfect love
And you showed me everything there was to know of love
Time will not betray the truth
And for all the years, we've shared I celebrate with you
For you

Un giorno t' incontrai

And me

Pensai, "Adesso lei"

Will be

D' allora insieme noi

Forever

You are all I know of love

How could I ask for more?

You're everything I'm dreaming of

You're all I need from love

And every star above

Spells out your name

I swear, I'll always feel the same

You're all I want from love

All I want from love

Dimmi

Hmm

Che per l' eternit

Like a memory

'Mi terrai ad abitare nei pensieri tuoi'

Con te

You are my only heart

In te

I loved you from the start

Noi due

Together not apart

Forever

You are all I know of love

How could I ask for more?

You're everything I'm dreaming of

You're all I need from love

And every star above

Spells out your name

I swear, I'll always feel the same

You're all I want from love

You're all I want from love

Pensami

I think of him

Perche` io sogno te

You'll be with me

Due cuori ed un anima

My love flows free through you

Guariti e liberi

I live my whole life

I'll live my life to be with you

You'll always be the one who taught me everything

My heart knows to be sure

My heart knows you

You're all I know of love

How could I ask for more?

You're everything I'm dreaming of

You're all I need from love

And every star above

Every star above

Spells out your name

I swear I'll always feel the same

You're all I want from love

You're all I want from love

You're all I know of love
