

# Barbra Streisand, Come Tomorrow (Duet With Barry)

BARBRA

Are you ready for the day  
That we prayed for  
Already holding what is real  
You know the soul finds its own evolution  
And this is the only love i feel  
And i tell you...  
I'm keeping up the strength  
I've gotta try  
'Cause you aint getting past this heart of mine  
I'm out here waiting for ya  
With all i've got to give  
And i accept this life we live

BOTH

I'll be your lover  
And i'll be your friend  
I'm gona follow you  
Right to the end

BARBRA

I wasnt made to tell you lies  
I only came to make you realize

BOTH

I'll be your hero  
And i'll be your plan  
You pick me up  
And let me down

BARBRA

Dont make me stumble.,dont make me wait  
cause come tomorrow will be to late

BOTH

Come tomorrow  
Come tomorrow

BARRY

I got to turn away my face  
Coz you blind me with your light  
Can u catch up to me  
You know i love you in the black of night  
This sacred ritual  
This journey has begun  
And we try.,We try to carry on  
Are you listning  
You get to find the things in life  
That get you through (one more day-barbra)  
And deep inside the things you want love never knew (one less chance -barbra)  
Let me make it happen  
This world we have forseen  
And i'll tell you how i feel

BOTH

Love will be better for wearing your ring  
I'm gona give you everything

BARRY

I wasnt made to tell you lies  
I only came to make you realize

BOTH  
I'll be your hero  
And i'll be your plan  
You pick me up  
You let me down

BARRY  
Dont make me stumble.,dont make me wait  
Cos come tomorrow will be to late

BOTH  
Come tomorrow  
Come tomorrow repeat to fade
