

Barbra Streisand, Finale: With One More Look At

Barbra Streisand

Star Is Born

Finale: With One More Look At You/watch Closely Now

With one more look at you

I could learn to tame the clouds and let the sun shine through

Leave a troubled past and i might start anew

I'll solve the mysteries if you're the prize

Refresh these tired eyes

With one more look or you i might overcome the anger

That i've learned to know

Find a peace of mind i lost so long ago

Your gentle touch has made me strong again

And i belong again

For when you look or me,

I'm everything and more that i had dreamed i'd be

My spirit feels a promise

I won't be alone

We'll love and live more, love and live forever

With one more look at you

I'd learn to change the stars

And change our fortunes too

I'd have the constellations point your portrait too

So all the world might share this wondrous sight

The world could end each night

With one more look at you

With one more look at you

I want one more look at you

Are you watching me now?

Watch closely now

Your eyes are like fingers

Touching my body

Arousing me so

I'm riding the passion arising inside me

How high can i go?

You're comin' with me: i'm gonna show you how

And when it's scary, i won't look down

Are you watching me now?

Watch closely now

I see the hunger arise in your eyes

And it's urging me on

Higher and harder and it's faster and farther

Than i've ever gone

Your pleasure is part of the secret

Of flight that i found

When i feel like on eagle

My soul has no place on the ground

Born out of madness

I'll double the danger with no net at all,

If you don't look away i'm secure

In the fact that you won't let me fall

Watch closely now

Are you watching me now

I'm the master magician

Who'll help you escape

From the lies you've been hold

When they're breaking your back

Bring the last straw to me

I turn straw into gold

I break chains made of boredom

That others have lived with for years

I leave good news on doorsteps

And laughs where there used to be tears

I'm gonna need you later

When you're not around

But i can take it
I won't look down
Watch closely now
Are you watching me now
Watch me now
Are you watching me now
Are you watching me now
