

Barbra Streisand & Kris Kristofferson, Finale: With

With one more look at you
I could learn to tame the clouds and let the sun shine through
Leave a troubled past and I might start a new
I'll solve the mysteries if you're the prize, refresh these tired eyes
With one more look at you
I might overcome the anger, that I've learned to know
Find a peace of mind, I lost so long ago
Your gentle touch has made me strong again, and I'll belong again
For when you look at me
I'm everything and more than I had dreamed I'd be
My spirit feels a promise, I won't be alone
We'll love and live more, love and live forever
With one more look at you
I'd learn to change the stars and change our fortunes too
I'd have the constellations paint your portrait too
So all the world might share this wondrous sight
The world could end each night
With one more look at you
With one more look at you
I want one more look at you
Are you watching me now? Watch closely now
Your eyes are like fingers
Touching my body, arousing me so
I'm riding the passion arising inside me
How high can I go?
You're comin' with me, I'm gonna show you how
And when it's scary
I won't look down
Are you watching me now? Watch closely now
I see the hunger arise in your eyes
And it's urging me, urging me, urging me on
Higher and harder and it's faster and farther
Than I've ever gone
Your pleasure is part of the secret of flight that I found
When I feel like an eagle, my soul has no place on the ground
Born out of madness, I'll double the danger with no net at all
If you don't look away I'm secure, in the fact that you won't let me fall
Watch closely now, are you watching me now?
I'm the master magician, who'll help you escape
From the lies you've been told
When they're breaking your back, bring the last straw to me
I'll turn straw into gold
I break chains made of boredom that others have lived with for years
I leave good news on doorsteps and laughs where there used to be tears
I'm gonna need you later, when you're not around
But I can take it, yeah, I won't look down
Watch closely now, are you watching me now?
Watch me now, are you watching me now?
Are you watching me now
