

Barbra Streisand, Never Will I Marry

Never, never will I marry
Never, never will I wed
Born to wander solitary
Wide my world, narrow my bed
Never, never, never will I marry
Born to wander till I'm dead
No burdens to bear
No conscious, no care
No memories to mourn
No turnin'
For I was born to wander solitary
Wide my world narrow my bed
Never, never, never, never will I marry
Born to wander till I'm dead
