

Barbra Streisand, (Our Love) Don't Thow It All Aw

Maybe I don't wanna know the reason why
But lately you don't talk to me
And darlin' I can't see me in your eyes
I hold you near but you're so far away
And it's losing you I can't believe
To watch you leave and let this feeling die
You alone are the living thing
That keeps me alive
And tomorrow
If I'm here without your love
You know I can't survive
Only my love can raise you high above it all
Don't throw it all away, our love, our love
Don't throw it all away, our love
Don't throw it all away, our love, our love, our love
Don't throw it all away, our love
We changed the world
We made it ours to hold
But dreams are made for those who really try
This losing you is real
But I still feel you here inside
Don't throw it all away, our love, our love
Don't throw it all away (Away)
Don't throw it all away, our love, our love
Don't throw it all away, our love
