

# Barclay James Harvest, The, She Said

Barclay James Harvest, The  
Once Again  
She Said

She said, "why don't you come and stay with me  
Far away from people we know?  
We could live our lives together  
Happiness wherever we go"  
And i will always love her  
And i will always care  
And i will always love her

Wasn't long before she grew tired of me  
And the life she thought would redeem  
All the love she'd thrown away as a child  
All the things she thought she had seen

And i will always love her  
And i will always care  
And i will always love her

And i will always love her  
And i will always care  
And i will always love her
