

Barclay James Harvest, Turning In Circles

How come you happened to be hanging around
When I was looking for a good time?
I thought I always had my feet on the ground
I've got the feeling that it won't be for long
Take it easy, you're moving too fast
You're gonna make it, but let's make it last
The way you're dancing ain't good for my soul
The situation's getting out of control

(You've got me)
Turning in circles
Where do I go?
Turning in circles
Crazy I know

How come you happened to be hanging around
When I was looking for a good time?
I thought I always had my feet on the ground
I've got the feeling that I'm spinning and spinning
(You've got me)
Turning in circles
Where do I go?
Turning in circles
Crazy I know
