

Barcode, For What It's Worth

Don't want your interest
Don't need your worries too
For what it's worth, no less
Giving up on everything
I'm leaving it all behind
The crucial sacrifice
Bypass, recast
Go kiss my fucking ass
Last rites, the final blast
Unstable hallowed the
Restless for evermore
Withdrawn immunity
These unreliable bonds
This lust for lowest low
This need for no response
Let it go
Back off, my life, my show
Out of sight, out of mind, let go
Bypass, recast
Go kiss my fucking ass
Witness the final blast
