

Barcode, Showdown

You say you live for a united scene
You say your ways are oh so fair and clean
You claim your right to rule the HC grounds
Fuck your mobster ways, you're going down
The code's back, who'll be the first to drop?
Self righteous bitches and likewise, pop, pop, pop
Double A won't bow to no scene police
Face the 8K bitch and then fuck off, please
The code's back, who'll be the first to drop?
Self righteous bitches and likewise, pop, pop, pop
Double A won't bow to no scene police
Face the 8K bitch and then fuck off, please
Don't wanna be part of your game
Kissing ass for fortune and fame
Don't wanna play by your self-proclaimed rules
Backing up for a motherfucking tool
You're an insult to the double A crew
There are limits to what pimp manners can do
This crew will never swallow any of your crap
Fuck the 8K bitch and you're gonna get fucked back
The code's back, who'll be the first to drop?
Self righteous bitches and likewise, pop, pop, pop
Double A won't bow to no scene police
Face the 8K bitch and then fuck off, please
The code's back, who'll be the first to drop?
Self righteous bitches and likewise, pop, pop, pop
Double A won't bow to no scene police
Face the 8K bitch and then fuck off, please
The code is back and there ain't no stop
Right here, step up, show what you got
Right now, nice moves but how about guts
Stand straight, show your face, show your disgrace
On stage, enter showdown, this is the perfect place
