

# Bare Jr., Brainwasher

Rose print underwear  
Curly curly blonde blonde hair  
Shine like a dandy lion,  
So I hear my own self sighin'  
Shooby-dooby, hey, hey, hee  
I hope you don't scare easily  
Wash my brain, wash my brain  
Cleanse me of this shame  
And wash my brain  
Your skirts are so clean  
And rest just above the knee  
These needs are so intense,  
They drain my intelligence  
Heede, heede, hail, hail, hail

I swear I won't kiss and tell  
My mind is so dirty I got mud runnin' out of my ears  
They clog up so I can't hear  
The tears of fear  
You better get out of here  
Your smiles are so bright,  
So let's turn out the lights  
If you can't see what we do,  
Than you might not feel as used  
Shooby-dooby,  
Oh whop, whop, whop  
So would you please leave  
On your socks
