

# Bare Jr., Dog

I wish I was your dog cause you treat him better  
You'd be proud to share me with  
Your mother, brother or your sister  
Give you hugs when you were sad  
Clean up my shit when I was bad  
I wish I was your dog cause you treat him better  
If you were me and I was you  
We would still have opposing views  
You would still lie and I would still cry  
If you were me and I was you  
La da de da, la da de da, la da de da, la da de da  
If we'd never met I'm willing to bet  
We'd both be better off being separate  
Not knowing my name, not placing the blame  
If we never met, I'm willing to bet  
La da de da, la da de da, la da de da, la da de da
