

# Bare Jr., Kiss Me (Or I Will Cry)

Belligerent and bruised, stumblin behind you  
Shallow and bent,  
Full of contempt twisted around and rude  
So kiss me, kiss me, kiss me or I will cry  
Dented and dulled, my heart strings pulled  
How near may I sit to you  
Im wanted, Im wilted through,  
Paid in full all my dues  
Someday feeling wont feel at all  
Someday feeling wont feel so strong  
Someday feeling could smother us all  
Someday feeling will stop my heart  
Unless you kiss me
