

Barely Blind, Crazy

I never know what's coming when I say "Hi";
You've got two sides of you like Jekyll and Hyde
You saw my name ?
But I always stay
Until you call me names
Call me anything you want
Just don't call me crazy
Call me anything
I'll take a chance on you
Whoa-oh-oh-oh-oh-oh
This is the way that we operate
In time I'll see straight through you
This is the way that we operate
Yeah, I'll take a chance on you
You take a chance on me
We are a groove thing going
Don't you agree
Some kids of yours grow up with
Positive negativity
I'll take you over with my self-confidence
We won't be perfect
But come on who is?
Call me anything you want
Just don't call me crazy
Call me anything
I'll take a chance on you
Whoa-oh-oh-oh-oh-oh
This is the way that we operate
In time I'll see straight through you
This is the way that we operate
I'll take a chance on you
You take a chance on me
Whoa-oh-oh-oh-oh
Whoa-oh-oh-oh-oh-oh
This is the way that we operate
In time I'll see straight through you
This is the way that we operate
Yeah, I'll take a chance on you
You take a chance on me
I never know what's coming when I say "Hi";
You've got two sides of you like Jekyll and Hyde
You saw my name and you'll never give in
It feels like you always mad at me
For being your friend
Call me anything you want
Call me anything you want
Call me anything you want
Just don't call me crazy
Don't call me crazy
