

Barely Blind, It's You

She only wants what she can't have
Shell make you crazy, drive you mad
I just want a chance with her today
Took what I have and through it away
Come on it can't be that bad
You just lost all that you had
Sorry if I'm not at dispense
But that's just how It is
You leave me now, you leave me here
With nothing less, so all like this
I knew that you would be leaving one day
And you moving on so I'll say
Sorry cause I always wanted
Sorry cause I always needed you
And I know that you'll be back here one day
And I know exactly what I'll say
I only wants what I can't have
I made you crazy, drove you mad
Just want a chance with you today
Took what I have and through it away
Come on it cant be that bad
I just lost all that I had
Don't say it's ending like this
But that's just how it is
You leave me now, you leave me here
With nothing less, so all like this
I knew that you would be leaving one day
And you moving on so I'll say
Sorry cause I always wanted
Sorry cause I always needed you
And I know that you'll be back here one day
And I know exactly what I'll say
And things are fine
And things are fine
Until you caught me in the backroom with my little lady
It nearly drove you crazy, and you couldn't find the words to say to me
I'm sorry please don't be deceived
It's all exactly how it seems
The only thing that I ask is that you'll believe me
I only wants what I can't have
I only wants what I can't have
It's you
It's you
It's you
It's you
