

Barry Manilow, Black And Blue

[Barry:]

There are no stars tonight,
There are no words to say
I feel my soul losing you

[Phyllis:]

Where did the good times go,
Baby what can we do
Color our love

[Both:]

Black and blue, Black and blue

[Phyllis:]

When our hearts were young,
Clinging to each other
Moonlight used to glow

[Both:]

When our hearts were young,
Then there was no other

[Barry:]

Why'd we let it go
Down on the avenue,
You can forget your name

[Both:]

Paint pretty pictures,
False and true

[Barry:]

Picture what we've become

[Phyllis:]

Running is all we do
Color our love

[Both:]

Black and blue, Black and blue

[Phyllis:]

Looks like a storm tonight

[Barry:]

Look like a storm tonight

[Phyllis:]

A storm is overdue

[Barry:] A storm is overdue

[Phyllis:]

Color our love

[Barry:]

Color our love

[Both:]

Black and blue, Black and blue, Oh
