

# Barry Manilow, Carol Of The Bells/The Bells Of C

the bells of christmas  
are ringing in the night  
the children string there lights upond the tree  
the bells of christmas  
they sing to me tonight  
bring back thoughts of you and me  
Central Park  
sliding round in the snow  
and then after dark  
filling the fires burning glow  
the bells of christmas  
they ring of what could be  
for the bells of christmas  
they ring for you and me  
sunday walks watching ships in the bay  
midnight talks we voul  
we never let love slip away  
the bells of christmas  
they ring of what could be  
for the bells of christmas  
the bells of christmas  
the bells of christmas  
they ring for you and me
