

Barry Manilow, Dance Away

Dance away
Dance away
I saw you in the shadows
You were actin' so free
I knew the last thing on your mind was me
I could hear the laughter
And from that moment after
Girl, you had my pride down on its knees
Who does your night belong to
Now that I'm gone
Does he call you baby, all night long
Who does your night belong to
Who is the one you turn to
Are you dancin' to our favorite song

[Chorus:]
Dance away
It's only my mind you're takin'
Dance away
It's only my heart you're breakin'
If I've lost my touch
Go on and give me up
And dance my love away
I can make it on my own
My love will survive
I will find someone to get me by
But I'll be left with feelin's
That will go unsatisfied
My need for you is very much alive

Dance away
It's only my mind you're takin'
Dance away
It's only my heart you're breakin'
If I've lost my touch
Go on and give me up
And dance my love away
Come on and Dance away
It's only my mind you're takin'
Dance away

It's only my heart you're breakin'
If I've lost my touch
Go on and give me up
And dance my love
Dance my love
Dance my love away
It's only my mind you're takin'
Dance away
It's only my heart you're breakin'
If I've lost my touch
