Barry Manilow, Don't Fall In Love With Me

She was just a girl who knew the way
I was so naieve
Everything she ever said to me
I wanted to believe
I was close to too far gone
When she sat me down and
Told me tenderly

[Chorus:]

Don't fall in love with me
I'll only break your heart
For us forever is just tomorrow
Don't fall in love with me

Don't let the fire start
If you should fall
I'm afraid I'll follow you
Now I'm on the other side of love
Lookin' right at you
There you are so young and sure
Your life has room enough for two
So it's up to me to try and say
Words that didn't stop me yesterday

[Chorus]
