

Barry Manilow, I'm Coming Back

I'm Coming Back so I can love you
The way I used to love you long ago
Yes, I'm Coming Back hoping that you'll have me
And this time I will never let you go!

Seems like yesterday
It was you and me
How did it slip away
you are a part of me
You live in the heart of me
I never stop loving you and so

I'm Coming Back so I can love you
The way I used to love you long ago
Yes, I'm Coming Back hoping that you'll have me
And this time I will never let you go!

If the answer's "no";
I will understand
But it won't change my mind
You are the only one
And I am the lonely one
I never got over you and so

I'm Coming Back so I can love you
The way I used to love you long ago
Yes, I'm coming back hoping that you'll have me
And this time I will never let you go!

I'm Coming Back so I can love you
The way I used to love you long ago
Yes, I'm Coming Back hoping that you'll have me
And this time, this time, this time
I will never let you go!
