

Barry Manilow, Let's Get On With It

Whatcha' gonna do it with my time darlin'
Whatcha' gonna do with my soul
When ya' gonna make up your mind about me
Whatcha' you still need to know
When are ya gonna walk out the door forever
When are ya gonna run and hide
Darlin' can't ya see that it's now or never
Say you're gonna stay or say good-bye

But let's get on with it
Let's get started
Climb up or fall down the hill
Either foward or else it's backward
But nothing ever stands still
So let's get on with it
Whatcha' gonna do with the hope inside you
Whatcha' gonna do with your dreams
How ya gonna live with all those mem'ries
Wonderin' how it might have been
All I'm askin' is keep on tryin'
All ya gotta dois hold on
No ones gonna guaruntee tomorrow

But it's gonna be here before too long
So let's get on with it
Let's get started
Climb up or fall down the hill
Either foward or else it's backward
But nothing ever stands still
So let's get on with it
