

# Barry Manilow, Only In Chicago

I went back  
Yes, I went back to find out  
What we did wrong and  
I went back  
Yes, I went back to see just  
How we could feel so good  
In Chicago  
We seemed to have it all  
It was real  
It was love  
I went back  
And I sat by the lake  
And looked at the stars  
And oh I swear  
I remember how much we laughed  
And I loved you so  
In Chicago  
I know we had it all  
It was real  
It was love

Only in Chicago  
Love is in the air  
In Chicago  
Our Chicago  
There's a magic there  
In Chicago  
Our Chicago  
Baby, you and I  
We tried to take it with us  
But you can't go back  
'cause I went back to find out  
What we did wrong and  
Now I see  
That it wasn't just you  
It wasn't just me  
It was Chicago  
But I'm still in love with you  
Only you  
Only you

But only in Chicago  
Chicago  
Chicago  
Chicago  
Chicago  
Only in Chicago  
Love is in the air  
In Chicago  
There's a magic there  
In Chicago  
Our Chicago  
Baby, you and I  
We tried to take it with us  
But you can't go back  
'cause I went back to find out  
What we did wrong and  
Now I see  
That it wasn't just you  
It wasn't just me  
It was Chicago  
But I'm still in love with you  
  
Only you

Only you  
Only you  
Only you  
Only you  
Only you  
Only you  
Only you  
But only in Chicago, Chicago  
Only in Chicago, Chicago  
Only in Chicago, Chicago
