

Barry Manilow, Say No More

Say no more
You know we've been here before
Quiet, sleep now, baby say no more
Say no more
Don't you tell me what's in store
I know you must go
Oh love say no more
You know how much I love you
Just how much I care
Place no one above you
No one else is there
Try to live my own life
Cause I know your game
Still it's been a long night
And the night drives me insane

Say no more
Come in side and close the door
Hold me close now
But please say no more
You know how much I love you
Just how much I care
Place no one above you
No one else is there
Try to live my own life
Cause I know your game
Still it's been a long night
And the night drives me insane

Say now more
Come in side and close the door
Hold me close now
But please say no more
Hold me close now
But please say no more
